Announcement & Call for Papers

Come and join your international peers and maintain a leading edge on technology, customers, partners and suppliers. Access the greatest minds in micro and nano research and development. Share knowledge and information and stimulate debates.

Submission of abstracts

Abstracts are expected to describe original work, previously unpublished and should indicate new and significant advances and their importance. Initially short abstracts comprising of approx. 300 words in length should be submitted online at www.euspen.eu.

Following review of short abstracts, authors will be provided with instructions for submitting extended abstracts. On acceptance of extended abstracts, authors are notified of presentation mode (poster/oral). Papers accepted into the conference proceedings are included in Elsevier's citation index. The final decision on acceptance of all papers is made by the Editor and International Scientific Committee of the conference.

*Topics

- Measuring Instruments and Machine Tools: Design and Performance
- Mechatronics, Control, Handling
- Metrology
- Advances in Precision Engineering and Nanotechnologies
- Mechanical Manufacturing Processes
- Non-Mechanical Manufacturing Processes
- Replication and Additive Manufacturing
- Applications of Precision Engineering in Biomedical Sciences
- Automation, Robotics, Machine Learning
- Large Scale Precision Engineering: Design, Metrology & Applications

Key dates

7th June 2021	Call for abstracts
24th Sept 2021	Online short abstract submission deadline
1st Oct 2021	Notification of abstract acceptance to authors
14th Jan 2022	Deadline for online extended abstract submission
18th Feb 2022	Student scholarships application deadline
