Announcement & Call for Papers

Come and join your international peers and maintain a leading edge on technology, customers, partners and suppliers. Access the greatest minds in micro and nano research and development. Share knowledge and information and stimulate debates.

Submission of abstracts

Abstracts are expected to describe original work, previously unpublished and should indicate new and significant advances and their importance. Initially short abstracts comprising of approx. 300 words in length should be submitted online at www.euspen.eu.

Following review of short abstracts, authors will be provided with instructions for submitting a paper. On acceptance of the paper, authors are notified of presentation mode (oral/poster). Papers accepted into the conference proceedings are included in Elsevier's citation index. The final decision on acceptance of all papers is made by the Editor and International Scientific Committee of the conference.

*Topics

- Advances in Precision Engineering and Nanotechnologies
- Applications of Precision Engineering in Biomedical Sciences/Biotech Medical Devices
- Automation, Robotics, and Machine Learning
- Digital Manufacturing
- Large Scale Precision Engineering: design, metrology & applications
- Measuring Instruments and Machine Tools: Design and Performance
- Mechanical Manufacturing Processes
- Mechatronics, Control and Handling
- Metrology
- Non-Mechanical Manufacturing Processes
- Replication and Additive Manufacturing
- Sustainability in Precision Engineering

Key dates

1st Sept 2025	Deadline for online short abstract submissions
8th Sept 2025	Notification of abstract acceptance to authors
12th Jan 2026	Deadline for online paper submissions
27th Feb 2026	Deadline for Scholarship Applications
6th March 2026	Notification of paper awards (oral/poster)

*Topics are nominal at time of printing.
